TOSHIBA

Industrial Printer
B-SX8

High performance,
quality industrial printers.

The B-SX8 wide web printers from Toshiba with RFID functionality and powerful networking deliver outstanding performance for a wide variety of environments and applications. These innovative industrial printers offer advanced features including extremely fast processing, large internal memory, web printer controls, outstanding SNMP networking tools and RFID options.
Utilising ground breaking CPU technology from Toshiba the B-SX8 models offer high-speed printing and enhanced processing via an extensive choice of interfaces.
The 305 dpi, 213.3 mm wide print heads facilitate speedy printing of large format compliance labels.
The ribbon save function conserves the ribbon when it is not required, reducing costs, the amount of down-time and allowing optimal performance for RFID encoding work.

Technical specifications

Technology	Thermal transfer / Direct thermal
Print Head Type	Near-edge
Resolution	305 dpi
Print Width	213,3 mm
Print Length	1364 mm
Print Speed	203 mm/s
Interface	Bidirectional parallel port, USB 2.0, LAN (100BASE).
Barcodes	UPC/EAN/JAN, Code 39, Code 93, Code 128, EAN 128, NW7, MSI, Industrial 2 of 5, ITF, Postnet, RM4SCC, KIX-code, RSS14, Customer Bar Code
2D Codes	Data Matrix, PDF417, QR code, Maxi Code, Micro PDF417, CP Code
Optional	Cutter module, strip module, RTC (real time clock), metal cover, RFID kit.
Optional interface	Serial port, wireless LAN, Expansion I/O board.
External labels holder	Included
Dimensions	395 (H) x 416 (W) x 289 (D) mm
